Objective

Des	ired Position	Sr Full-stack web developer/Sr Backend web developer	

Summary of qualification

I've been developing websites since 2010, and at the moment I'm working remotely as a web developer at a non-profit cultural association. I am looking forward to using my experience in PHP, Codeigniter/Yii/Laravel Development. Primarily I work as a backend developer; on the frontend tasks have several years of experience working. Additionally, I am pretty versed in other parts of the web such as marketing and SEO.

Technical skills

- Languages(frameworks): PHP (Yii/Yii2, Codeigniter, Laravel), Golang, JavaScript(React.js);
- Web-servers: Nginx (+ PHP-FPM), Apache HTTP Server;
- DB/Storage: MySQL/Maria DB, SQLite, Clickhouse, Redis, Memcached;
- Test frameworks: PHPUnit, Codeception;
- Package managers: Composer, NPM, Bower;
- Environment: Docker, Vagrant;
- Queue: Gearman.

Relevant experience

Backend/Frontend development;New features development;	Code review;Communication with the customer;
Development & support web-crawlers;Environments configuration;	Clarification of business requirements;Working along Scrum.

Languages

Russian - First language. Belarussian - Proficient. English - Elementary.

Education

2005 – 2010 / Borisov State Polytechnic College / Manufacture, Maintenance and Operation of Devices and Apparatus / Borisov, Belarus

2010 – 2013 / Belarusian State University of Informatics and Radioelectronics, Faculty of Computer Technologies / Minsk, Belarus

Professional experience
